

AMENDMENTS TO THE SPECIFICATION

Please amend the Specification as shown below. Applicants respectfully submit that the proposed amendments are being provided to include priority data and to correct various informalities in the Specification, and that no new matter is being added.

Please add the following new paragraph as shown below:

CLAIM OF PRIORITY

This application claims priority to, and is a continuation of United States Patent Number 6,674,453, entitled “SERVICE PORTAL FOR LINKS SEPARATED FROM WEB CONTENT,” by inventors William Schilit et al, issued January 6, 2004, and is incorporated herein by reference in its entirety.

Please amend the Specification page 4, lines 23-29 as shown below:

Recently, systems have been developed to make browsing the Web more feasible for handheld devices. One such system, referred to as “Satchel[“],” was disclosed by employees of Xerox Research Center Europe. See, Mike Flynn, et al., “The Satchel System Architecture: Mobile Access to Documents and Services[“],” *Mobile Networks & Applications*, Volume [.]5, Number 4, pp. [.] 243-258, December 2000 [(Date)]. The Satchel
